

children's curriculum

Martial Arts is good, clean fun for kids and a great way to give them a head start in life. Our primary focus is to teach children "life skills." Because a structure of respect, courtesy and honesty is built into Kuk Sool, children develop the ability to listen, learn and achieve within a highly regulated environment.

At Kuk Sool Won's Tiny Tigers program, children learn the positive benefits of self-discipline, honesty, listening skills, integrity, and much, much more. The classes combine the fun and excitement of Martial Arts training with weekly life lessons designed to strengthen our children mentally and physically. Etiquette is integral to Kuk Sool Won, meaning children achieve great things in a safe environment that reinforces the behaviors that you teach them at home.

Kuk Sool is a highly supervised activity, taught by qualified black belt instructors. Our children's curriculum has been specifically designed to ensure kids as young as 4 years old can successfully learn to perform all the moves necessary to excel. Most importantly, kids have fun practicing martial arts and look forward to each and every class.

Teaching children basic traits like goal setting, motivation, and self esteem at a young age can have a massive impact on what that child accomplishes in later life. A healthy life starts with Kuk Sool Won!

5 benefits of martial arts training for young children

confidence

Young children can accomplish much more than you might realize. Kuk Sool teaches kids that everything you need for success is already inside you. Martial arts brings out the best in kids, builds self-esteem and a sense of accomplishment.

awareness

Your children will encounter many situations as they go through life. Kuk Sool heightens the awareness of their surroundings, and of people nearby. Kids will learn to live without fear, and to master the possible confrontations in their everyday life.

class information & registration

Kuk Sool Tiny Tiger and Little Dragon sessions run for three months, during which your child will learn important life skills and the basics of martial arts, including etiquette, concentration, aerobics and team building. Tiny Tigers and Little Dragons meet twice per week on Mondays and Wednesdays. The cost for classes is \$60 per month, or \$150 for a three month session (a 17% discount). All prices include a one-time free uniform and belt, valued at \$40 (new students only). Monthly billing options are also available. Generous discounts are available for multiple children who enroll in the quarterly sessions — talk to an instructor for details.

To register for any session, cut off the panel to the right and fill out all requested information. Mail or drop this completed form along with the appropriate fees to:

respect

Respect for others comes from respect for yourself. Kuk Sool is a way of life that teaches young children to honor that which is right and good, beginning with their own body and mind. Kids will find relationships with their parents, family, teachers and friends will become better than they have ever imagined.

fitness

As kids grow and develop, their bodies require specific training to increase strength, flexibility and endurance. Kuk Sool energizes young bodies through rigorous mental and physical discipline, allowing children to reach their full potential.

concentration

Personal power comes from more than just the body. Kuk Sool teaches kids to focus the energy of their mind and spirit as well, allowing them to achieve more than you ever dreamed possible—in school, in sports, and in life.
